Teacher Request Form

Meeting the educational and developmental needs of all students is our first priority at St. Joseph School. Students are assigned to next year's classroom by their current homeroom teachers after careful consideration of many factors including the academic and social needs of each student. The teachers are the experts on how the students interact in their classrooms and how to assign the students for next year to create an optimal learning environment for every student. Very few of our parents make teacher requests; this is an option – not a requirement. If you feel it is necessary to request a specific teacher for your child for next year, please indicate your preference and the reason for the request. We will honor requests if possible.

SJS priorities when placing a student in a classroom:

1. Academic abilities of the individual students
2. Student personalities
3. Male/female ratios
