

Info Letter to Parents from Coach Mattingly:

If your son has not played before, please give football a chance, it is physical, but not unsafe. Boys will be matched up with boys of their size and ability for drills to maximize their opportunity to safely learn football. I pledge to treat your child with dignity and respect. I'm not a yelling coach, not my style, we want to teach football fundamentals and have a good time. Winning isn't everything but it is fun, so we plan on winning.

Please sign up for text reminders, you will only receive text regarding football communications. I use the "remind me" app because it enables me to send one message to entire team list.

To sign up for text communication regarding Prep football:

Text the message @prepb17 to the number 81010

Or type following url into internet browser <https://www.remind.com/join/prepb17>

You can also follow us on facebook @bethlehemprepfootball

If your son is unsure whether he wants to play at this time please sign up anyway so you will stay aware of when practice starts in case he changes his mind. If he decides not to play I can remove you at any time from communications if you just text me @ 502-827-4590

Middle school physical completed prior 10 JULY on middle school form 01 Form MS01. Many insurance companies will only authorize 1 a year. Physicals are good for calendar year if yours is still good from last year bring it until you get the new one.

Link to Middle school physical form **It's different than the form most offices normally use.**
